The fact that CE inspects, or fails to inspect, or has the right to inspect, Associate's facilities, systems, books, records, agreements, policies and procedures does not relieve Associate of its responsibility to comply with this HIPAA requirement, nor does CE's (i) failure to detect or (ii) detection, but failure to notify Associate or require Associate's remediation of any unsatisfactory practices, constitute acceptance of such practice or a waiver of CE's enforcement rights under this Agreement.
  - p. **Safeguards During Transmission.** Associate shall be responsible for using Security Measures to reasonably and appropriately maintain and ensure the Confidentiality, Integrity, and Availability of Protected Information transmitted to CE pursuant to this Agreement, in accordance with the standards and requirements of the HIPAA Regulations, until such Protected Information is received by CE, and in accordance with any specifications set forth in Attachment A.

If the Contract

- (4) Erroneous Termination for Default. If after such termination it is determined, for any reason, that Associate was not in default, or that Associate's action/inaction was excusable, such termination shall be treated as a termination for convenience, and the rights and obligations of the parties shall be the same as if the contract had been terminated for convenience, as described in this HIPAA requirement or in the Contract.

b. Reasonable Steps to Cure Breach. If CE knows of a pattern of activity or practice of Associate that constitutes a material breach or violation of the Associate's obligations under the provisions of this HIPAA requirement or another arrangement and does not terminate this Agreement pursuant to Section 5(a), then CE shall take reasonable steps to cure such breach or end such violation, as applicable. If CE's efforts to cure such breach or end such violation are unsuccessful, CE shall either (i) terminate this Agreement, if feasible or (ii) if termination of this Agreement is not feasible, CE shall report Associate's breach or violation to the Secretary of the Department of Health and Human Services.

- (1) Except as provided in paragraph (2) of this subsection, upon termination of this Agreement, for any reason, Associate shall return or destroy all Protected Information that Associate or its agents or subcontractors still maintain in any form, and shall retain no copies of such Protected Information. If Associate elects to destroy the Protected Information, Associate shall certify in writing to CE that such Protected Information has been destroyed.
- (2) If Associate believes that returning or destroying the Protected Information is not feasible, including but not limited to, a finding that record retention requirements provided by law make return or destruction infeasible, Associate shall promptly provide CE notice of the conditions making return or destruction infeasible. Upon mutual agreement of CE and Associate that return or destruction of Protected Information is infeasible, Associate shall continue to extend the protections of Sections 2(a), 2(b), 2(c), 2(d) and 2(e) of this HIPAA requirement to such information, and shall limit further use of such Protected Information to those purposes that make the return or destruction of such Protected Information infeasible.

6. Reserved.

7. No Waiver of Immunity. No term or condition of this Agreement shall be construed or interpreted as a waiver, express or implied, of any of the immunities, rights, benefits, protection, or other provisions of the Michigan Governmental Immunity Act, MCL 691.1401, *et seq.*, the Federal Tort Claims Act, 28 U.S.C. 2671 *et seq.*, or the common law, as applicable, as now in effect or hereafter amended.

8. Reserved.

9. **Disclaimer.** CE makes no warranty or representation that compliance by Associate with this HIPAA requirement, HIPAA or the HIPAA Regulations will be adequate or satisfactory for Associate's own purposes. Associate is solely responsible for all decisions made by Associate regarding the safeguarding of Protected Information.
10. **Certification.** To the extent that CE determines an examination is necessary in order to comply with CE's legal obligations pursuant to HIPAA relating to certification of its security practices, CE or its authorized agents or contractors, may, at CE's expense, examine Associate's facilities, systems, procedures and records as may be necessary for such agents or contractors to certify to CE the extent to which Associate's security safeguards comply with HIPAA, the HIPAA Regulations or this HIPAA requirement.
11. **Amendment.**
- a. **Amendment to Comply with Law.** The parties acknowledge that state and federal laws relating to data security and privacy are rapidly evolving and that amendment of this HIPAA requirement may be required to provide for procedures to ensure compliance with such developments. The parties specifically agree to take such action as is necessary to implement the standards and requirements of HIPAA, the Privacy Rule, the Security Rule and other applicable laws relating to the security or privacy of Protected Information. The parties understand and agree that CE must receive satisfactory written assurance from Associate that Associate will adequately safeguard all Protected Information. Upon the request of either party, the other party agrees to promptly enter into negotiations concerning the terms of an amendment to this HIPAA requirement embodying written assurances consistent with the standards and requirements of HIPAA, the Privacy Rule, the Security Rule or other applicable laws. CE may terminate the Agreement upon thirty (30) days written notice in the event (i) Associate does not promptly enter into negotiations to amend this Agreement when requested by CE pursuant to this Section or (ii) Associate does not enter into an amendment to this Agreement providing assurances regarding the safeguarding of PHI that CE, in its sole discretion, deems sufficient to satisfy the standards and requirements of HIPAA, the HIPAA Regulations and other applicable laws.
- b. **Amendment of Attachment A.** Attachment A may be modified or amended by mutual agreement of the parties in writing from time to time without formal amendment of this HIPAA requirement.
12. **Assistance in Litigation or Administrative Proceedings.** Associate shall make itself, and any subcontractors, employees or agents assisting Associate in the performance of its obligations under this Agreement, available to CE, at no cost to CE, to testify as witnesses, or otherwise, in the event of litigation or administrative proceedings being commenced against CE, its directors, officers or employees, departments, agencies, or divisions based upon a claimed violation of HIPAA, the HIPAA Regulations or other laws relating to security and privacy of Protected Information, except where Associate or its subcontractor, employee or agent is a named adverse party.
13. **No Third Party Beneficiaries.** Nothing express or implied in this Agreement is intended to confer, nor shall anything herein confer, upon any person other than CE, Associate and their respective successors or assigns, any rights, remedies, obligations or liabilities whatsoever.
14. **Effect on Contract.** Except as specifically required to implement the purposes of this HIPAA requirement, or to the extent inconsistent with this HIPAA requirement, all other terms of the Contract shall remain in force and effect. This HIPAA requirement is incorporated into the Contract as if set forth in full therein. The parties expressly acknowledge and agree that sufficient mutual consideration exists to make this HIPAA requirement legally binding in accordance with its terms. Associate and CE expressly waives any claim or defense that this HIPAA requirement is not part of the Agreement between the parties under the Contract.
15. **Interpretation and Order of Precedence.** This HIPAA requirement is incorporated into and becomes part of each Contract identified herein. Together, this HIPAA requirement and each separate Contract constitute the "Agreement" of the parties with respect to their Business Associate relationship under HIPAA and the HIPAA Regulations. The provisions of this HIPAA requirement shall prevail over any provisions in the Contract that may conflict or appear inconsistent with any provision in this HIPAA requirement. This HIPAA requirement and the Contract shall be interpreted as broadly as necessary to implement and comply with HIPAA and the HIPAA Regulations. The parties agree that any ambiguity in

this HIPAA requirement shall be resolved in favor of a meaning that complies and is consistent with HIPAA and the HIPAA Regulations. This HIPAA requirement supercedes and replaces any previous separately executed HIPAA requirement between the parties. In the event of any conflict between the mandatory provisions of the HIPAA Regulations and the provisions of this HIPAA requirement, the HIPAA Regulations shall control. Where the provisions of this HIPAA requirement differ from those mandated by the HIPAA Regulations, but are nonetheless permitted by the HIPAA Regulations, the provisions of this HIPAA requirement shall control.

16. **Effective Date.** This HIPAA requirement is effective upon receipt of the last approval necessary and the affixing of the last signature required.
17. **Survival of Certain Contract Terms.** Notwithstanding anything herein to the contrary, Associate's obligations under Section 5(d) and record retention laws ("Effect of Termination") and Section 13 ("No Third Party Beneficiaries") shall survive termination of this Agreement and shall be enforceable by CE as provided herein in the event of such failure to perform or comply by the Associate.

If no representatives are identified in the Contract, the individuals listed below are hereby designated as the parties' respective representatives for purposes of this Agreement. Either party may from time to time designate in writing new or substitute representatives.
  - b. **Notices.** All required notices shall be in writing and shall be hand delivered or given by certified or registered mail to the representatives at the addresses set forth in this Contract

Any notice given to a party under this HIPAA requirement shall be deemed effective, if addressed to such party, upon: (i) delivery, if hand delivered; or (ii) the third (3<sup>rd</sup>) Business Day after being sent by certified or registered mail.

#### **General Indemnification**

To the fullest extent permitted by law, the Contractor shall indemnify, defend and hold harmless the State, its departments, divisions, agencies, sections, commissions, officers, employees and agents, from and against all losses, liabilities, penalties, fines, damages and claims (including taxes), and all related costs and expenses (including reasonable attorneys' fees and disbursements and costs of investigation, litigation, settlement, judgments, interest and penalties), arising from or in connection with any of the following:

1. Any claim, demand, action, citation or legal proceeding against the State, its employees and agents arising out of or resulting from (1) the product provided or (2) performance of the work, duties, responsibilities, actions or omissions of the Contractor or any of its subcontractors under this Contract.

4. Any claim, demand, action, citation or legal proceeding against the State, its employees and agents arising out of or resulting from the death or bodily injury of any person, or the damage, loss or destruction of any real or tangible personal property, in connection with the performance of services by the Contractor, by any of its subcontractors, by anyone directly or indirectly employed by any of them, or by anyone for whose acts any of them may be liable; provided, however, that this indemnification obligation shall not apply to the extent, if any, that such death, bodily injury or property damage is caused solely by the negligence or reckless or intentional wrongful conduct of the State;
5. Any claim, demand, action, citation or legal proceeding against the State, its employees and agents which results from an act or omission of the Contractor or any of its subcontractors in its or their capacity as an employer of a person.

In addition, should the equipment, software, commodity, or service, or the operation thereof, become or in the Contractor's opinion be likely to become the subject of a claim of infringement, the Contractor shall at the Contractor's sole expense (i) procure for the State the right to continue using the equipment, software, commodity or service or, if such option is not reasonably available to the Contractor, (ii) replace or modify the same with equipment, software, commodity or service of equivalent function and performance so that it becomes non-infringing, or, if such option is not reasonably available to Contractor, (iii) accept its return by the State with appropriate credits to the State against the Contractor's charges and reimburse the State for any losses or costs incurred as a consequence of the State ceasing its use and returning it.

**Code Indemnification**

To the extent permitted by law, the Contractor shall indemnify, defend and hold harmless the State from any claim, loss, or expense arising from Contractor's breach of the No Surreptitious Code Warranty.

**Indemnification Obligation Not Limited**

In any and all claims against the State of Michigan, or any of its agents or employees, by any employee of the Contractor or any of its subcontractors, the indemnification obligation under the Contract shall not be limited in any way by the amount or type of damages, compensation or benefits payable by or for the Contractor or any of its subcontractors under worker's disability compensation acts, disability benefits acts, or other employee benefits acts. This indemnification clause is intended to be comprehensive. Any overlap in sub clauses, or the fact that greater

specificity is provided as to some categories of risk, is not intended to limit the scope of indemnification under any other sub clause.

**Continuation of Indemnification Obligation**

The duty to indemnify will continue in full force and affect notwithstanding the expiration or early termination of the Contract with respect to any claims based on facts or conditions, which occurred prior to termination.

**Indemnification Procedures**

The procedures set forth below shall apply to all indemnity obligations under this Contract.

- (a) After receipt by the State of notice of the action or proceeding involving a claim in respect of which it will seek indemnification, the State shall promptly notify Contractor of such claim in writing and take or assist Contractor in taking, as the case may be, any reasonable action to avoid the imposition of a default judgment against Contractor. No failure to so notify Contractor shall relieve Contractor of its indemnification obligations except to the extent that Contractor can demonstrate damages attributable to such failure. Within ten (10) days following receipt of written notice from the State relating to any claim, Contractor shall notify the State in writing whether Contractor agrees to assume control of the defense and settlement of that claim (a "Notice of Election"). After notifying Contractor of a claim and prior to the State receiving Contractor's Notice of Election, the State shall be entitled to defend against the claim, at Contractor's expense, and Contractor will be responsible for any reasonable costs incurred by the State in defending against the claim during such period.
- (b) If Contractor delivers a Notice of Election relating to any claim: (i) the State shall be entitled to participate in the defense of such claim and to employ counsel at its own expense to assist in the handling of such claim and to monitor and advise the State about the status and progress of the Defense; (ii) Contractor shall, at the request of the State, demonstrate to the reasonable satisfaction of the State, Contractor's financial ability to carry out its defense and indemnity obligations under this Contract; (iii) Contractor shall periodically advise the State about the status and progress of the defense and shall obtain the prior written approval of the State before entering into any settlement of such claim or ceasing to defend against such claim and (iv) to the extent that any principles of Michigan governmental or public law may be involved or challenged, the State shall have the right, at its own expense, to control the defense of that portion of such claim involving the principles of Michigan governmental or public law. Notwithstanding the foregoing, the State may retain control of the defense and settlement of a claim by written notice to Contractor given within ten (10) days after the State's receipt of Contractor's information requested by the State pursuant to clause (ii) of this paragraph if the State determines that Contractor has failed to demonstrate to the reasonable satisfaction of the State Contractor's financial ability to carry out its defense and indemnity obligations under this Section. Any litigation activity on behalf of the State of Michigan, or any of its subdivisions pursuant to this Section, must be coordinated with the Department of Attorney General. In the event the insurer's attorney represents the State pursuant to this Section, the insurer's attorney may be required to be designated as a Special Assistant Attorney General by the Attorney General of the State of Michigan.
- (c) If Contractor does not deliver a Notice of Election relating to any claim of which it is notified by the State as provided above, the State shall have the right to defend the claim in such manner as it may deem appropriate, at the cost and expense of Contractor. If it is determined that the claim was one against which Contractor was required to indemnify the State, upon request of the State, Contractor shall promptly reimburse the State for all such reasonable costs and expenses.

**2.306 LIMITATION OF LIABILITY**

The Contractor's liability for damages to the State shall be limited to two times the value of the Contract. The foregoing limitation of liability shall not apply to claims for infringement of United States patent, copyright, trademarks or trade secrets; to claims for personal injury or damage to property caused by the gross negligence or willful misconduct of the Contractor; to claims covered by other specific provisions of this Contract calling for liquidated damages; to Contractor's

indemnification obligations (2.305); or to court costs or attorney's fees awarded by a court in addition to damages after litigation based on this Contract.

The State's liability for damages to the Contractor shall be limited to the value of the Contract.

**2.307 CONTRACT DISTRIBUTION**

Purchasing Operations shall retain the sole right of Contract distribution to all State agencies and local units of government unless other arrangements are authorized by Purchasing Operations.

**2.308 FORM, FUNCTION, AND UTILITY-RESERVED**

**2.309 ASSIGNMENT OF ANTITRUST CAUSE OF ACTION**

For and in consideration of the opportunity to submit a quotation and other good and valuable consideration, the bidder hereby assigns, sells and transfers to the State of Michigan all rights, title and interest in and to all causes of action it may have under the antitrust laws of the United States or this State for price fixing, which causes of action have accrued prior to the date of payment and which relate solely to the particular goods, commodities, or services purchased or procured by this State pursuant to this transaction.

**2.310 PURCHASING FROM OTHER STATE AGENCIES-RESERVED**

**2.311 TRANSITION ASSISTANCE**

If this Contract is not renewed at the end of this term, or is canceled prior to its expiration, for any reason, the Contractor must provide for up to **NINETY (90)** after the expiration or cancellation of this Contract, all reasonable transition assistance requested by the State, to allow for the expired or canceled portion of the Services to continue without interruption or adverse effect, and to facilitate the orderly transfer of such services to the State or its designees. Such transition assistance will be deemed by the parties to be governed by the terms and conditions of this Contract, (notwithstanding this expiration or cancellation) except for those Contract terms or conditions that do not reasonably apply to such transition assistance. The State shall pay the Contractor for any resources utilized in performing such transition assistance at the most current rates provided by the Contract for Contract performance.

**2.313 RESERVED**

**2.314 WEBSITE INCORPORATION**

**2.4 Contract Review and Evaluation**

**2.401 CONTRACT COMPLIANCE INSPECTOR**

Upon receipt at Purchasing Operations of the properly executed Contract Agreement(s), the person named below will be allowed to oversee the Contract performance on a day-to-day basis during the term of the Contract. 1. Neither party shall be liable for any default or delay in the performance of its obligations under the Contract if and to the extent such default or delay is caused, directly or indirectly, by: fire, flood, earthquake, elements of nature or acts of God; riots, civil disorders, rebellions or revolutions in any country; the failure of the other party to perform its material responsibilities under the Contract (either itself or through another contractor); injunctions (provided the injunction was not issued as a result of any fault or negligence of the party seeking to have its default or delay excused); or any other cause beyond the reasonable control of such party; provided the non-performing party and its subcontractors are without fault in causing such default or delay, and such default or delay could not have been prevented by reasonable precautions and cannot reasonably be circumvented by the non-performing party through the use of alternate sources, workaround plans or other means, including disaster recovery plans. In such event, the non-performing party will be excused from any further performance or observance of the obligation(s) so affected for as long as such circumstances prevail and such party continues to use its best efforts to recommence performance or observance whenever and to whatever extent possible without delay provided such party promptly notifies the other party in writing of the inception of the excusable failure occurrence, and also of its abatement or cessation.
2. If any of the above enumerated circumstances substantially prevent, hinder, or delay performance of the services necessary for the performance of the State's functions for more than 14 consecutive days, and the State determines that performance is not likely to be resumed within a period of time that is satisfactory to the State in its reasonable discretion, then at the State's option: (a) the State may procure the affected services from an alternate source, and the State shall not be liable for payments for the unperformed services under the Contract for so long as the delay in performance shall continue; (b) the State may cancel any portions of the Contract so affected and the charges payable hereunder shall be equitably adjusted to reflect those services canceled; or (c) the Contract will be canceled without liability of the State to the Contractor as of the date specified by the State in a written notice of cancellation to the Contractor. The Contractor will not have the right to any additional payments from the State as a result of any excusable failure occurrence or to payments for services not rendered as a result of the excusable failure condition. Defaults or delays in performance by the Contractor which are caused by acts or omissions of its subcontractors will not relieve the Contractor of its obligations under the Contract except to the extent that a subcontractor is itself subject to any excusable failure condition described above and the Contractor cannot reasonably circumvent the effect of the subcontractor's default or delay in performance through the use of alternate sources, workaround plans or other means.

#### **2.7 Remedies**

##### **2.701 CANCELLATION**

The State may cancel this Contract without further liability or penalty to the State, its departments, divisions, agencies, offices, commissions, officers, agents, and employees for any of the following reasons:

1. **Material Breach by the Contractor.** In the event that the Contractor breaches any of its material duties or obligations under the Contract, which are either not capable of or subject to being cured, or are not cured within the time period specified in the written notice of breach provided by the State, or pose a serious and imminent threat to the health and safety of any person, or the imminent loss, damage or destruction of any real or tangible personal property, the State may, having provided written notice of cancellation to the Contractor, cancel this Contract in whole or in part, for cause, as of the date specified in the notice of cancellation.

In the event that this Contract is cancelled for cause, in addition to any legal remedies otherwise available to the State by law or equity, the Contractor shall be responsible for all costs incurred by the State in canceling the Contract, including but not limited to, State administrative costs, attorneys fees and court costs, and any additional costs the State may

incur to procure the services required by this Contract from other sources. All excess re-procurement costs and damages shall not be considered by the parties to be consequential, indirect or incidental, and shall not be excluded by any other terms otherwise included in the Contract.

In the event the State chooses to partially cancel this Contract for cause charges payable under this Contract will be equitably adjusted to reflect those services that are cancelled.

In the event this Contract is cancelled for cause pursuant to this section, and it is therefore determined, for any reason, that the Contractor was not in breach of contract pursuant to the provisions of this section, that cancellation for cause shall be deemed to have been a cancellation for convenience, effective as of the same date, and the rights and obligations of the parties shall be limited to that otherwise provided in the Contract for a cancellation for convenience.

2. **Cancellation For Convenience By the State.** The State may cancel this Contract for its convenience, in whole or part, if the State determines that such a cancellation is in the State's best interest. Reasons for such cancellation shall be left to the sole discretion of the State and may include, but not limited to (a) the State no longer needs the services or products specified in the Contract, (b) relocation of office, program changes, changes in laws, rules, or regulations make implementation of the Contract services no longer practical or feasible, and (c) unacceptable prices for additional services requested by the State. The State may cancel the Contract for its convenience, in whole or in part, by giving the Contractor written notice 30 days prior to the date of cancellation. If the State chooses to cancel this Contract in part, the charges payable under this Contract shall be equitably adjusted to reflect those services that are cancelled.
3. **Non-Appropriation.** In the event that funds to enable the State to effect continued payment under this Contract are not appropriated or otherwise made available. The Contractor acknowledges that, if this Contract extends for several fiscal years, continuation of this Contract is subject to appropriation or availability of funds for this project. If funds are not appropriated or otherwise made available, the State shall have the right to cancel this Contract at the end of the last period for which funds have been appropriated or otherwise made available by giving written notice of cancellation to the Contractor. The State shall give the Contractor written notice of such non-appropriation or unavailability within 30 days after it receives notice of such non-appropriation or unavailability.
4. **Criminal Conviction.** In the event the Contractor, an officer of the Contractor, or an owner of a 25% or greater share of the Contractor, is convicted of a criminal offense incident to the application for or performance of a State, public or private Contract or subcontract; or convicted of a criminal offense including but not limited to any of the following: embezzlement, theft, forgery, bribery, falsification or destruction of records, receiving stolen property, attempting to influence a public employee to breach the ethical conduct standards for State of Michigan employees; convicted under State or federal antitrust statutes; or convicted of any other criminal offense which in the sole discretion of the State, reflects upon the Contractor's business integrity.
5. **Approvals Rescinded.** The State may terminate this Contract without further liability or penalty in the event any final administrative or judicial decision or adjudication disapproves a previously approved request for purchase of personal services pursuant to Constitution 1963, Article 11, section 5, and Civil Service Rule 7. Termination may be in whole or in part and may be immediate as of the date of the written notice to Contractor or may be effective as of the date stated in such written notice.

## 2.702 RIGHTS UPON CANCELLATION

### A. Rights and Obligations Upon Termination

- (1) If this Contract is terminated by the State for any reason, Contractor shall (a) stop all work as specified in the notice of termination, (b) take any action that may be necessary, or that the State may direct, for preservation and protection of Deliverables or other

property derived or resulting from this Contract that may be in Contractor's possession, (c) return all materials and property provided directly or indirectly to Contractor by any entity, agent or employee of the State, (d) in the event that the Contractor maintains title in equipment and software that is intended to be transferred to the State at the termination of the Contract, Contractor will transfer title in, and deliver to, the State, unless otherwise directed, all Deliverables and other Developed Materials intended to be transferred to the State at the termination of the Contract and which are resulting from the Contract (which shall be provided to the State on an "As-Is" basis except to the extent the amounts paid by the State in respect of such items included compensation to Contractor for the provision of warranty services in respect of such materials), and (e) take any action to mitigate and limit any potential damages, or requests for Contractor adjustment or termination settlement costs, to the maximum practical extent, including terminating or limiting as otherwise applicable those subcontracts and outstanding orders for material and supplies resulting from the terminated Contract.

- (2) In the event the State terminates this Contract prior to its expiration for its own convenience, the State shall pay Contractor for all charges due for Services provided prior to the date of termination and, if applicable, as a separate item of payment pursuant to this Contract, for partially completed Deliverables, on a percentage of completion basis. All completed or partially completed Deliverables prepared by Contractor pursuant to this Contract shall, at the option of the State, become the State's property, and Contractor shall be entitled to receive equitable fair compensation for such Deliverables. Regardless of the basis for the termination, the State shall not be obligated to pay, or otherwise compensate, Contractor for any lost expected future profits, costs or expenses incurred with respect to Services not actually performed for the State.
- (3.) If any such termination by the State is for cause, the State shall have the right to set-off against any amounts due Contractor the amount of any damages for which Contractor is liable to the State under this Contract or pursuant to law or equity.
- (4.) Upon a good faith termination, the State shall have the right to assume, at its option, any and all subcontracts and agreements for services and materials provided under this Contract, and may further pursue completion of the Services under this Contract by replacement contract or otherwise as the State may in its sole judgment deem expedient.

**B. Termination Assistance**

If the Contract (or any Statement of Work issued under it) is terminated for any reason before completion, Contractor agrees to provide for up to two-hundred seventy (270) calendar days after the termination all reasonable termination assistance requested by the State to facilitate the orderly transfer of such Services to the State or its designees in a manner designed to minimize interruption and adverse effect. Such termination assistance will be deemed by the parties to be governed by the terms and conditions of the Contract (notwithstanding its termination) other than any terms or conditions that do not reasonably apply to such termination assistance. The State shall compensate Contractor for such termination assistance at the same rates and charges set forth in the Contract on a time and materials basis in accordance with the Labor Rates indicated within Contractors pricing section. If the Contract is terminated by Contractor under Section 20, then Contractor may condition its provision of termination assistance under this Section on reasonable assurances of payment by the State for such assistance, and any other amounts owed under the Contract.

**C. Reservation of Rights**

Any termination of the Contract or any Statement of Work issued under it by a party shall be with full reservation of, and without prejudice to, any rights or remedies otherwise available to such party with respect to any claims arising prior to or as a result of such termination.

**D. End of Contract Transition**

In the event the Contract is terminated, for convenience or cause, or upon expiration, the Contractor agrees to comply with direction provided by the State to assist in the orderly transition of equipment, services, software, leases, etc. to the State or a third party designated by the State. In the event of termination or the expiration of the Contract, the Contractor agrees to make all reasonable efforts to effect an orderly transition of services within a reasonable period of time that in no event will exceed 270 calendar days. These efforts shall include, but are not limited to, the following:

- (1) **Personnel** - The Contractor shall work with the State, or a specified third party, to develop a transition plan setting forth the specific tasks and schedule to be accomplished by the parties, to effect an orderly transition. The Contractor shall allow as many personnel as practicable to remain on the job to help the State, or a specified third party, maintain the continuity and consistency of the services required by the Contract. In addition, during or following the transition period, in the event the State requires the Services of the Contractor's subcontractors, as necessary to meet its needs, Contractor agrees to reasonably, and with good-faith, work with the State to use the Services of Contractor's subcontractors.
- (2) **Knowledgeable Personnel.** Contractor will make available to the State or a Third Party Provider knowledgeable personnel familiar with the operational processes and procedures used to deliver products and services to the State. The Contractor personnel will work with the State or third party to help develop a mutually agreeable transition plan, work to transition the process of ordering, shipping and invoicing equipment and services to the State.
- (3) **Information** - The Contractor agrees to provide reasonable detailed specifications for all Services needed by the State, or specified third party, to properly provide the services required under the Contract. The Contractor will also provide any licenses required to perform the Services under the Contract.
- (4) **Software.** - The Contractor shall reasonably assist the State in the acquisition of any Contractor software required to perform the Services under the Contract. This shall include any documentation being used by the Contractor to perform the Services under the Contract. If the State transfers any software licenses to the Contractor, those licenses shall, upon expiration of the Contract, transfer back to the State at their current revision level.
- (5) **Payment** - If the transition results from a termination for any reason, reimbursement shall be governed by the termination provisions of the Contract. If the transition results from expiration, the Contractor will be reimbursed for all reasonable transition costs (i.e. costs incurred within the agreed period after Contract expiration that result from transition operations). The hourly rates or fixed price to be charged will be agreed upon prior to the work commencing.
- (6) **Single Point of Contact.** Contractor will maintain a Single Point of Contact (SPOC) for the State after termination of the Contract until all product and service obligations have expired.

**E. Transition out of this Contract**

- (1) In the event that this Contract is terminated, dissolved, voided, rescinded, nullified, or otherwise rendered unenforceable, the Contractor agrees to perform the following obligations, and any others upon which the State and the Contractor agree:
  - (i) Cooperating with any contractors, vendors, or other entities with whom the State contracts to meet its telecommunication needs, for at least two hundred and seventy (270) days after the termination of this Contract;
  - (ii) Reserved.
  - (iii) Providing the State with all asset management data generated from the inception of this Contract through the date on which this Contract is terminated, in a comma-delimited format unless otherwise required by the Program Office;

- (iv) Reconciling all accounts between the State and the Contractor;
- (v) Allowing the State to request the winding up of any pending or ongoing projects at the price to which the State and the Contractor agreed at the inception of the project;
- (vi) Freezing all non-critical software changes;
- (vii) Notifying all of the Contractor's subcontractors of procedures to be followed during the transition out phase;
- (viii) Assisting with the communications network turnover, if applicable;
- (ix) Assisting in the execution of a parallel operation until the effective date of termination of this Contract
- (x) Answering questions regarding post-migration services;
- (xi) Delivering to the State any remaining owed reports and documentation still in the Contractor's possession.

(2) In the event that this Contract is terminated, dissolved, voided, rescinded, nullified, or otherwise rendered unenforceable, the State agrees to perform the following obligations, and any others upon which the State and the Contractor agree:

- (i) Reconciling all accounts between the State and the Contractor;
- (ii) Completing any pending post-project reviews.

#### **2.703 LIQUIDATED DAMAGES**

A. The State and the Contractor hereby agree to the specific standards set forth in this Contract, including but not limited to; Nursing Assessments, Response Time, and Delivery Times. It is agreed between the Contractor and the State that the actual damages to the State as a result of Contractor's failure to provide promised services would be difficult or impossible to determine with accuracy. The State and the Contractor therefore agree that liquidated damages as set out herein shall be the exact amount of any and all payments made by the State in regards to failure to meet the standards stated in this contract. Liquidated damages will be set at 100% for all orders in noncompliance with State standards.

Accordingly, in the event of such damages, at the written direction of the State, the Contractor shall pay the State the indicated amount as liquidated damages, and not as a penalty. Amounts due the State as liquidated damages, if not paid by the Contractor within fifteen (15) days of notification of assessment, may be deducted by the State from any money payable to the Contractor pursuant to this Contract.

For audits, liquidated damages will be assessed and subject to extrapolation on all services and orders, within the audit sample which are non-compliant with standards specified in the resulting contract without accepted documentation for delay or reason.

The State will notify the Contractor in writing of any claim for liquidated damages pursuant to this paragraph on or before the date the State deducts such sums from money payable to the Contractor. No delay by the State in assessing or collecting liquidated damages shall be construed as a waiver of such rights.

B. The Contractor shall not be liable for liquidated damages when, in the opinion of the State, incidents or delays result directly from causes beyond the control and without the fault or negligence of the Contractor. Such causes may include, but are not restricted to, acts of God, fires, floods, epidemics, and labor unrest; but in every case the delays must be beyond the control and without the fault or negligence of the Contractor.

#### **2.704 STOP WORK-RESERVED**

#### **2.705 SUSPENSION OF WORK**

The Contract Administrator may order the Contractor, in writing, to suspend, delay, or interrupt all or any part of the work of this contract for the period of time that the Contract Administrator determines appropriate for the convenience of the Government.

If the performance of all or any part of the work is, for an unreasonable period of time, suspended, delayed, or interrupted (1) by an act of the Contract Administrator in the administration of this contract, or (2) by the Contract Administrator's failure to act within the time specified in this contract (or within a reasonable time if not specified), an adjustment shall be made for any increase in the cost of performance of this contract (excluding profit) necessarily caused by the unreasonable suspension, delay, or interruption, and the contract modified in writing accordingly. However, no adjustment shall be made under this clause for any suspension, delay, or interruption to the extent that performance would have been so suspended, delayed, or interrupted by any other cause, including the fault or negligence of the Contractor, or for which an equitable adjustment is provided for or excluded under any other term or condition of this contract.

A claim under this clause shall not be allowed:

- (1) For any costs incurred more than 20 days before the Contractor shall have notified the Contract Administrator in writing of the act or failure to act involved (but this requirement shall not apply as to a claim resulting from a suspension order); and
- (2) Unless the claim, in an amount stated, is asserted in writing as soon as practicable after the termination of the suspension, delay, or interruption, but not later than the date of final payment under the contract.

## **2.8 Changes, Modifications, and Amendments**

### **2.801 APPROVALS**

The Contract may not be modified, amended, extended, or augmented except by a writing executed by the parties hereto, and any breach or default by a party shall not be waived or released other than in writing signed by the other party.

### **2.802 TIME EXTENTIONS**

Time extensions for contract changes will depend upon the extent, if any, by which the changes cause delay in the completion of the various elements of performance as described in the statement of work. The change order granting the time extension may provide that the contract completion date will be extended only for those specific elements related to the changed work and that the remaining contract completion dates for all other portions of the work will not be altered. The change order also may provide an equitable readjustment of liquidated damages under the new completion schedule.

### **2.803 MODIFICATION**

Purchasing Operations reserves the right to modify this contract at any time during the contract term. Such modification may include changing the locations to be serviced, additional locations to be serviced, method or manner of performance of the work, number of days service is to be performed, addition or deletion of tasks to be performed, addition or deletion of items, and/or any other modifications deemed necessary. Any changes in pricing proposed by the Contractor resulting from the proposed changes are subject to acceptance by the State. Changes may be increases or decreases. **IN THE EVENT PRICES ARE NOT ACCEPTABLE TO THE STATE, THE CONTRACT SHALL BE SUBJECT TO COMPETITIVE BIDDING BASED UPON THE NEW SPECIFICATION.**

The State reserves the right to add an item(s) that is not described on the item listing and is available from the Contract vendor. The item(s) may be included on the Contract, only if prior written approval has been granted by Purchasing Operations.

### **2.804 AUDIT AND RECORDS UPON MODIFICATION**

**DEFINITION:** records includes books, documents, accounting procedures and practices, and other data, regardless of whether such items are in written form, electronic form, or in any other form

Contractor shall be required to submit cost or pricing data with the pricing of any modification of this contract to the Contract Administrator in Purchasing Operations. Data may include accounting records, payroll records, employee time sheets, and other information the state deems necessary to perform a fair evaluation of the modification proposal. Contract Administrator or authorized

representative of the state shall have the right to examine and audit all of the contractor's records, including computations and projections, related to:

1. The proposal for modification;
2. The discussions conducted on the proposal, including those related to negotiation;
3. Pricing of the modification; or
4. Performance of the modification.

Contractor shall make available at its office at all reasonable times the materials described in the paragraphs above.

If this contract is completely or partially terminated, the records relating to the work terminated shall be made available for 6 years after any resulting final termination settlement.

#### **2.805 CHANGES**

- (a) The Contract Administrator may, at any time, without notice to the sureties, if any, by written order designated or indicated to be a change order, make changes in the work within the general scope of the contract, including changes:
  - (1) In the specifications (including drawings and designs);
  - (2) In the method or manner of performance of the work;
  - (3) In the Government-furnished facilities, equipment, materials, services, or site; or
  - (4) Directing acceleration in the performance of the work.
- (b) Any other written or oral order (which, as used in this paragraph (b), includes direction, instruction, interpretation, or determination) from the Contract Administrator that causes a change shall be treated as a change order under this clause; provided, that the Contractor gives the Contract Administrator written notice stating:
  - (1) The date, circumstances, and source of the order; and
  - (2) That the Contractor regards the order as a change order.
- (c) Except as provided in this clause, no order, statement, or conduct of the Contract Administrator shall be treated as a change under this clause or entitle the Contractor to an equitable adjustment.

**J&B MEDICAL SUPPLY CO INC  
PHYSICIAN LICENSE VERIFICATION PROCESS**

Any new doctor that is added to J&B Medical Supply Co Inc system must have his or her license verified with the state licensing board in order to be added.

Their license must be currently active.

Using the below link, we are able to verify a license number for any physician in the United States.

J&B's customer service department has the ability to obtain the information when required. The CMN team member is then responsible for loading the information into the J&B system.

[http://healthguideusa.org/medical\\_license\\_lookup.htm](http://healthguideusa.org/medical_license_lookup.htm)

J&B will also re-verify that all physician license numbers are still current and active at least once annually.

J&B also requires that the NPI and UPIN are verified as well.

We use the following websites to verify UPIN and NPI numbers. These websites are maintained by contractors of CMS.

UPIN: [http://www.upinregistry.com/provider\\_form.asp](http://www.upinregistry.com/provider_form.asp)

NPI:

## Procedure for Renewing Prescription Coverage

### As required by the State of Michigan

- 1) Sixty (60) days before the prescription is due to expire, the first request CMN will be mailed to the physician on file.
- 2) Thirty (30) days after the first attempt, the CMN department will fax the second request to the physician.
- 3) Fifteen (15) days after the second request, the CMN department will call the doctor's office, fax the third and final attempt to the physician's office (if requested), and send the advanced action letter to the client and the State of Michigan, stating that the account will be made inactive if prescription coverage is not received within twelve (12) days.
- 4) Twelve (12) days after the final attempt is sent, the CMN team leader will follow up with the account. If we have not received prescription coverage, the account will be made inactive and products discontinued.

## 2nd Attempt Flow Sheet CMN Recertification

\* On all 2<sup>nd</sup> attempt faxes, please use the "2<sup>nd</sup> Attempt" fax coversheet

Third and Final RequestsEXHIBIT U

After you verify that the CMN has not been returned, call the doctor's office. Let them know that the coverage we have is expiring and that we need the CMN back ASAP so that there is no disruption in the patients order. If requested, fax the third request to the doctor's office. Then follow the action letter process

**ADVANCED ACTION LETTER PROCESS:**

1. Pull up the action letter spreadsheet and letter (located in your folder in the CMN drive). Check Medifax to see if the patient has Medicaid/CSHCS, just Medicaid, or just CSHCS. For clients with straight Caid or Caid/CSHCS, use the "DIS Advance Caid and Care" letter. For clients that just have CSHCS, use the "DIS CSHCS Advanced Action Notice" letter.
2. Fill out the spreadsheet. The only insurances you need to list are Medicaid and / or CSHCS. Under "Services Provided", list the HCPCS that are on the CMN we are trying to obtain. Type the dates of your first, second and third request under their respective headings. The "Effective Date" is the day that we will deactivate the account if the CMN is not returned. The "Reason" should be either "PRESCRIPTION NOT RETURNED" or "NO PCP ON FILE".

Beneficiary Name-Recipient ID-Insurance	Services Provided	1st Request	2nd Request	3rd Request	Effective Date	Reason
J B Medical-12345678-Medicaid	T4541, T4522, A9270	7/17/2006	8/17/2006	9/1/2006	9/17/2006	PRESCRIPTION NOT RETURNED

## Attachment D – Prescription Renewal Process

EXHIBIT 4

3. Fill in the Action Letter – today's date, client's name, address, Medicaid #, the reason for deactivation (either "PRESCRIPTION NOT RETURNED" or "NO PCP ON FILE"), services (products that will be removed from the order if CMN is not returned), and effective date (again, the date of acct deactivation).
4. Leave the following note under the "ACTIVE / INACTIVE" heading:  
ACTION NOTICE HAS BEEN FAXED TO THE STATE AND MAILED TO THE CLIENT. WE DO NOT HAVE CURRENT PRESCRIPTION COVERAGE FOR THIS CLIENT. THE CMN TEAM LEADER WILL FOLLOW UP WITH THIS ACOCUNT IN 12 DAYS TO SEE IF THE CMN HAS BEEN RETURNED. IF NOT, THE ACCOUNT WILL BE MADE INACTIVE.
5. Print two copies of the action letter and e-mail the spreadsheet to the CMN Team Leader along with one copy of the action letter (when all action letters have been done). The Team Leader will fax the action letter and individual spreadsheet to the State so that they are aware of the action we have taken.
6. Mail the second copy of the action letter to the patient along with a hearing request form and a return envelope for the State.
7. The CMN Team Leader will review the account 12 days after the action letter has been sent. If the CMN has not been returned, the CMN Team Leader will deactivate the account, remove the outstanding CMN, and remove all products from the re-occurring work order.

**J&B Complaint Process**

- All complaints will be logged by a CSR either on paper form or via the J&B intranet call log. The CSR receiving the complaint should fill out the form completely and let the client/caregiver know that their concern will be addressed by a supervisor. If follow-up is necessary, a response would be relayed via phone or postal service.
- The complaints will be reviewed by management and logged into a spreadsheet.
- The complaint log will be forwarded to the state at intervals determined by the contract.

**Furthermore:**

- (1) J&B has a toll-free telephone and TTY access for Members to report any complaints they may have.
- (2) J&B will report all grievances to the Contract Administrator at the State, and produce monthly grievance reports as required by the contract.
- (3) Documentation of each complaint and grievance, along with the manner and promptness of its resolution, is maintained and reported to the State. The J&B Medical will inform the Contract Administrator of all complaints through the reports. Copies of all grievance resolutions will be provided to the Contract Administrator upon request. If a grievance resolution cannot be obtained, the Contractor shall notify the Contract Administrator and offer to provide the grievance and copies of all information and documentation for resolution. J&B will maintain these records for five (5) years beyond the end of the Contract, and make these records available upon request by the State.
- (4) J&B then provides notification to Members of all negative actions. The Member notification of negative action must inform Members of the reason for the negative action (e.g., a patient requests a specific brand that is not covered under the contract, or a reduction in quantity as a result of unsubstantiated medical necessity as to the need for larger quantities).
- (5) J&B will be accessible and/or provide information for hearings, if requested by the State.
- (6) J&B will provide written and/or documented verbal notification to Members enrolled in a Medicaid Managed Health Care Plan that they are excluded from obtaining services through the Contractor under this contract. J&B will send a negative (a.k.a. advanced) action letter prepared by the State to Medicaid and Medicaid/Medicare dually enrolled Members utilizing the appropriate denial statement. An appeals form and addressed stamped envelope provided by the State must accompany the negative action letter. The negative action letter and appeal form must be sent to the Members within one (1) business day of the negative action. Copies of all negative action letters will also be sent to the Contract Administrator.
